I'm sailing away...
set an open course for the Virgin Sea.
For I've got to be free
free to face the life that's ahead of me.

On board I'm the captain so climb aboard.

We'll search for tomorrow on every shore.

And I'll try, oh I'll try to carry on.

I look to the sea.
Reflections in the waves
spark my memory...
some happy, some sad

We lived happily forever, so the story goes

but somehow
we missed out
on the pot of gold.

I thought that they were angels, but to my surprise, we climbed aboard their starship and headed for the skies.

# Academics

If you wish to see the valleys, climb to the mountain top;
If you desire to see the mountain top, rise into the cloud;
but if you seek to understand the cloud, close your eyes and think. Rahll Gibran

A variety of interesting and educational classes were offered by the English and Social Studies departments.

English explored many areas of learning. Classes ranged from Creative Writing to Broadcasting, Drama to English Literature, Debate and Forensics to Journalism All of the courses offered received much interest

Social Studies broadened minds through courses such as Current Issues, Geography and World Affairs, U.S. and the World, and Michigan and the West, These classes filled the fastest in the arena

Whether your thing was English or Social Studies, Portage Northern offered a wide spectrum of classes

### English, Social Studies Departments Promote Higher Learning Interest

Opposite Top: Broadcasting proves to be enjoyable for Linda Osborn. Opposite Bottom: Honors English 7 offers a lot of homework, but just as many laughs, for seniors. Top Left Creative writing comes easily to senior Gay Maggart. Top Right Mr. Rutz never ceases to amaze Michigan and the West students. Center Left Comp. 2 keeps Paul Vlachos very busy Bottom Left. Prospectors anxiously dig for buried treasure in Sociology. Above: Demonstration of a voting machine is presented by Mr. John Zuil

#### No Time to Twiddle Thumbs

If working with numbers was your thing, the math department and its dedicated staff were always right there - ready, willing, and able to help. If a student was adding two plus two, figuring the cosine of a number, or wondering what "x" was equal to, he could always depend on a little help from a reliable math;teacher

If test tubes were more up your alley, there was the science department to turn to. Chemistry, Physical Science (a new class), Physics, Biology, and Earth Science were some of the classes offered in this area. With an inventory of scientific equipment like that at Northern, it was hard for students to find time to twiddle their thumbs

- 10 C

Top Left. Although math was not Tom Joistad's favorite passtime, all went well. Above Left. With thoughts of free time. Holy Nichols tries to concentrate on her geometry. Top Right. Complications arose for Will Plemmons, but Mr. James Shunneson could always help out. Center. With Sue Wenzelick close by. Held. Khan and Chuck Shane compare their scient fic reactions.

### With Math or Science

Above. Field trips to the lake were relaxing ways to go. Below Biology students Jody Jones and Julie Vining ponder over the microscope. Below Left, Carefully studying is Jeff McCarty

Above Left Latin teacher Mr. Tim Dorgan lectures while perched on his chair Bottom Language students partake in traditional holiday feast

Get Into the Act

Every year around Christmas, the language classes (Latin, Spanish, French, and German) got together to celebrate a 'cultural Christmas''. Elaborate cakes, candles, and breads were prepared by students for this festive occasion. Some classes put on skits or plays which showed how their culture celebrates the holiday season.

Other activities included participating in a language contest at Western Michigan University. This contest is held every two years and all four languages are active participants

The students involved in a foreign language found it interesting and culturally broadening, but more than anything else, they found it fun!

Top Center: Christmas celebration includes scramble for the treats of a broken pinata. Left: Spanish student Ann Paskey celebrates an ancient Mexican tradition - "The Day of the Dead". Above French students Ann VanEnenaam and Kristen Steward act out skit

### Business Builds Skills for Future

The Business Department offered a variety of courses ranging from basic math to the more complicated computer classes. Students were able to take typing classes of all levels. This would help them through their high school and college years.

One of the more popular classes was accounting. Here students learned the fundamentals of handling financial affairs. They also acquired the background necessary to continue in the business world

The Business Department offered valuable course selections for those looking towards a business career or just learning the basics.

Above: Statistical lines are a challenge for Kip Kleinhuizen, Top Right: Practice makes perfect for Lisa Hahn, Right: Steno-clerical helps Sharon Weissmann prepare for her future

### ART - Learning To Be Creative

Above Skilful is the word for 8eth Wattles as she puts primer on her bowl. Right. Concentration is what it takes for Kathy Muller to put some fine touches on her picture. Below. Students can always rely on Miss Mary Gave for help.

The Art Department provided students with the opportunity to explore and create. With the help of Miss Mary Gave and Mr. Don Bonevich, students learned new and helpful art techniques that made their projects easier and more diversified

The annual Art Show in May gave students the chance to "show off" their precious works and view creations

The art classes available to students were general art, basic drawing, painting, ceramics, commercial art, and senior workshop.

Above For two talented students, Gall Carlton and Jeff Nelson, the Senior Art Workshop is a lot of fun. Right. Art teacher, Mr Don Bonevich, lends a hand to senior Janet Jameyson. Below Cartoons are drawn by Stephanie Cato.

## Fun + Exercise = PHYS. ED.

"O.K., three laps!"...What a typical command! Can you guess what class it was? Right! It was the beginning of an exciting hour of a physical education class!

The Phys. Ed. and Physical Fitness classes had many body and mind building activities. Students enjoyed entertaining games such as football, tennis, badminton, and soccer. Besides having fun, everybody (including the teachers) received some hearty exercise.

#### Home Ec. Provides for Future

Above Well prepared meal is enjoyed by Sherry Kilgore Chris Baxter and Mrs Sharon Boodt Below. Shirt is worked on by Wendy Dimock. Right. Kitchen help won't be hard to get from Paul Bresnaham when he's married.

Yes there is life after high school, and the Home Economics department helped prove it to students.

In the Home Economics classes the students modeled the clothes they had made in fashion shows. Food preparation classes put on dinners for the teachers and learned how to cook different types of food.

Some classes went on field trips. Mrs. Kitty Engles took her Family Issues classes to Shipsewana, Indiana. The Food Services classes, under the supervision of Mrs. Laurabell Roderick, went to the different fast food places

Besides trips, teachers added interest to their classes by having visitors. Mrs. Betty Wolbers brought triplets in for her Child Care classes to see and take care of.

Top Left: Child Care students Pam Belt and Christy Yurk learn to care for young ones. Top: The long-awaited meal is ready to eat!! Left: Ples were no challenge for Steve Tyler. Above: At the Amish Village in Shipshawana, Indiana seniors Deana Gowen and Sara Malaney price (and sample!) fruit

Engine Tune-Up were good choices for those interested in working with their hands. The Building Trades class constructed a home they could be proud of

Top: Problems are fewer for Mr. John Polderman when building a house with talented students. Above Hard at work, Bruce Kirkendali pounds a nail to help complete a house Right: "Welding becomes a probtern when your gloves burn" says Dick Rodenhiser

Left: Lots of learning opportunity is provided in machine shop, and Mike Hettinger takes advantage of it. Below Hard at work - Don Kizer is determined to finish a drafting layout. Below Left: Project is diligently worked on by Jay Jarboe Bottom, Sophomore Randy Player, when using a saw, gives it the full workout

# Relaxing and Working...Library

New books and resources were added to the library Meetings, guest speakers and arena scheduling were a few activities which took place

Supervising teachers were always looking for ways to keep their students busy. With comfortable chairs and foot rests, the atmosphere was relaxed, and students often found it easier to concentrate on their friends than on their assignments

Let's not forget Mr. Robert Bale who was always on his toes in the AV department. He had his hands full with film and equipment scheduling, xeroxing making signs, and many more appreciated jobs

Top Left: Quietly Mrs. Ardis Horsfall works at the front desk. Top Right. Efficient library helper is Maria Gamez. Above: Teachers and students frequently rely on Mr. Randy Seilheimer for help. Left Xerox machine is put to use by Linda Osborn and Mr. Robert Bale.

# Administration

You must look into people, as well as at them. Lord Chesterfield

#### Administration Assists Students

There are many different areas in which the administration was involved. They solved various problems such as financing the school's budget and planning for future occurances which would benefit the school and its students.

Another area of the administration's concern was with the students. They made plans which would offer students new athletic teams. They thought of ways to give students more breathing room.

There were many necessities which our administration was forced to cope with, but they always seemed to come up with the correct answers!

Below: Christmas decor is set up by Mrs Charlene Foote and Mr. Donald Dow. Left Board members discuss major impending matters. Above Left: Cross Country runners are greated by Mr. Charles Evans

Left Principal Charies Evans munches while honoring Mrs. Ardis Horsfall at her retirement. Above Board members Mr. James Ellinger, Mrs. Gayle Werme, Dr. George Conti, Mr. Richard Glass, Dr. Louis Boyer, Dr. Robert Lockwood, Mr. Don Overlander, Mr. Robert Goldacker, Mr. Ted Vitek. Below: Assistant Principal Bud Fossen digs through paper work

# Helpful Staff - Guidance, SSC

Above Left: Counselor Mr. David Reeves enjoys the comfort of SSC. Above Right: While pondering his troubles, David Lewandowski rests against the wall Lower Left: Students relax inside the SSC.

The guidance office was a frequently visited place when deciding on classes or jobs. The people in the guidance office were always willing to help students with whatever problems arose - whether it be concerning school or in their personal lives.

Like the guidance department, the SSC was also a great help to students. There were days (and everyone had them) when one just couldn't face the world. But students could feel free to drop in and tell the well-trained staff whatever might have been bothering them.

Aren't friends terrific?!

# You Know You're a Teacher When...

You forget what your first name used to be...

You don't need a pass to get into the library...

You correct the spelling on your wife's shopping list...

You start dreaming in outline form...

You think a year begins in September...

You automatically define "big" words, even to an adult..

You give out passes to use the car...

An hour becomes a 55 minute time span.

You know about fire drills in advance..

You salivate at the thought of Friday...

Making sure that the students didn't miss a word, Mrs Kathy Calnin reads aloud

"Give it more than a lick and a promise"

- Mr. James Hart

### Far Out Faculty

#### Teachers - In Side Out

Proofread proofread proofread!

Mrs Carol Oakleat

With a look of concentration and hopefulness, Mrs. Connie Klein prepares to roll the balifor a strike

Along with all of the school oriented activities of the faculty, the teachers also had many extra-curricular activities. They included horseback riding, skiing, photography, sailing, racquetball, bowling, and many, many more. Participation in hobbies and sports of some kind was a necessity in order for the teachers to hold sanity!

The activities which may have caused teachers to lose their marbles were coaching uncoordinated athletes, attempting to correct 60 compositions in one evening, the "generation gap", supervising last lunch, and chaperoning school dances

Even with some "out of school" activities, advisors could be labeled as "wild and crazy" teachers. With everything considered, our teachers were healthy, happy, and an asset to our academic environment

'This tire machine is so simple, you just have to be smarter than the machine!" - Mr Bill Graham

"Anyone can sue anybody at any time!" - Mr. Dick Rossio

Strike is in the eyes of Mrs. Jean Fowley as she bowls

An addition to PNHS is Mrs. Barb Burdiak, the library secretary

Concentration from students is important to Mr. Don Bonevich

#### "Teachers Do It Better

#### With a Contract"

Always ready to assist her students is Mrs. Betty Wolbers

Listening to his superb band from afar is Mr. Don Griesbach

Demonstrations by Mr. Jim Decker help his students

10¢ Please!" - Mr Phil Sheldon

### Teachers Have Spirit, Too!

Perfection is always expected of students, especially in Mr. John Polderman's welding class

Many faculty members are dedicated to the huskies spirit. Attendance at the sports events and educational and musical presentations was excellent. Thanks to the teachers serving as chaperons, our fun dances were possible. And how boring the spirited pep assemblies would've been without all of the highly enthusiastic cheering from the faculty section. Yes, you, made all the fun possible.

At Mr. Graham's farewell party, Mr. Bob Flaven has an enjoyable time talking to friends while eating the delicious cake

Knowing who we are requires a knowledge of where we are. - Mr. Kim McGeorge

Not only does Mrs. Laurabell Roderick enjoy cooking, she enjoys eating as well!

The students of Northern have had the pleasure of knowing Nancy Stevens for three years. She has participated in many school activities. Being annually involved in the March of Dimes Breadlift and the PNHS Talent Show, getting rowdy at pep assemblies, and dressing up for Halloween, Nancy demonstrated the meaning of school spirit.

Nancy has a vibrant personality which bubbles over with compassion and warmth. She is an inspiration for the students and staff. A little more of Nancy Stevens should rub off on us all.

Toga parties, wild dances, weekends spend "socializing", hectic minutes passed while cramming for a forgotten test, filling out an endless number of college applications, and crying over ACT and SAT scores - all are characteristics of a senior's life

Once one has attained the status of Seniorhood, he isn't afraid to stand up and be counted, to let his opinions be known, or to make a fool out of himself.

All of these examples set a lasting picture in our minds of the best year spent in high school.

### Cross Country Races

Neither heat nor cold could keep our energetic Huskies from racing triumphantly through another season. Dedication, individual effort, and strenuous workouts helped to place our talented runners at the head of the pack.

'78 marked the formation of the first girls' Cross Country team at Northern. What a boost for the libbers!

Winning the Big Eight Conference match placing second at Regionals, and finishing eighth in the state were accomplishments of which our boys could be proud!

Congratulations, Cross Country, on a job well run!

### Golfers

### Swing Into Action

Mid-August began our golf team's swinging season...Early morning practices led the guys to numerous victories, including placing fourth in conference and second in the Greater Kalamazoo meet. Coach Mr. Dave Harmsen had reason to be proud of his team!

Playing some of the toughest courses in southwest Michigan, the team kept up to par.

Senior captains Mark Chang and Stu Boekeloo led a team composed mostly of talented sophomores and juniors. Due to the large number of returning lettermen, the future looks bright for upcoming golf teams!

Top Strict concentration comes in handy for Jeff Rice while driving. Above: Really letting his emotions show, Stu-Boekeloo relays a message with his expression.

### Coach of the Year! SANDY PETERSON

Above With precision, Pat VanDenBrink makes contact with the ball Right A beautiful backhand is the pride of Nancy lanelli. Below: "Teamwork is the key" says Coach Sandra Peterson.

Starting in the middle of August, the girls' tennis team practiced many long hours. However, their practices did not go unrewarded. The tennis team finished its season undefeated, winning fifty-four straight matches in a four year stretch. They also brought home a second place trophy in the State Class A Championships, after a close run with Grosse Point South.

Coach Sandra Peterson received a trophy of her own. Because of her superb coaching, she was named "Coach of the Year". Congratulations Mrs. Peterson!

Because of talent and dedication, the girls' tennis team had another victorious year!

### Spirit In Action!

The girls' basketball team just never quit! They worked diligently at practices as well as while the clock ticked away at games. Coaches Mr. Dick Rossio and Mr. Brad Fonger ended the season with smiles of pride as they looked at the girls' spirit and sportswomenship! Together the girls worked to demonstrate the meaning of the word "team". Looking back on a productive season, it was not hard to say that Portage Northern had been granted another bunch of real winners!

## Boys' Team Shoots 2 Win

The crowd roared, the band played, and thirteen sharpshooting men dressed in orange and white appeared from behind the bleachers, then pranced onto the court floor to begin warm-ups for another action-packed game!

Dedication and energy shot the "on the ball" Huskies through a satisfying and exciting season. But, these winners made it look so easy that, on occasion, average fans in the stands forgot about the amount of time and sweat put into rugged practices by the team and its coach.

### Come Out Kicking

Early August marked the start of the season for Northern's Junior Varsity football team. Two long, hard practices a day in the broiling sun, and deprivation from worldly activities were what led the J.V. team through a victorious season.

Our J.V. Basketball team also had a great season. Mr. Jack Tomer worked diligently with the boys, trying to get them ready to compete as Varsity players. The team's cohesiveness and hard work shot pride throughout our school

Much time and energy on everybody's part were devoted to our J V, teams

Top: There is nothing like winning for the Huskies! Left Fan tastic blocking by Ron Downs clears the way for Rocky Rathburn to punt Above Huskies pile on the opposition

Mid-August signals a premature end of summer for many persons participating in fall sports. Football is no exception. During August, two practices were held each day. Once school began, and the final bell of the day rang, several junior and senior jocks could be seen with athletic bags in hand, heading towards the gyrn for a stimulating football practice

Practice was the most important ingredient in making a football team. Whether it be running the ropes, hitting drills, running hills, or just watching films, each guy could be depended on to make it to practice.

Even outside of school many football players could be seen grouped together at Lake Michigan running on the beach, or sitting together at Bronco games

Inside and out of school there was a genuine unity among football players which bonded them together

# Hot Swimmin' Puts Heat On PNHS's Foes

Last May, the girls' swim team, under the superb direction of Mr. Jeff Huxley, began their many hours of training. By swimming 12,000 to 15,000 yards every day, they began a winning season

Last year's team consisted mainly of tenth graders without much experience. Although the '78 team relied greatly on many of the same starting swimmers, their experience plus new members gave. Huskies that winning touch.

The boys' swimming team enjoyed an exciting and action-packed season. Early morning practices and after school work-outs kept the team in shape. Under the experienced supervision of Mr. Jeff Huxley, these boys learned self-discipline and the value of sportsmanship.

The dedication of the young men was obvious to all who shared in their successful season.

### Wrestlers Smother Huskie Foes

With twenty-three wrestlers-thirteen Varsity and nine junior varsity members-the wrestling team had increased in number from last year's small team. Coaches Mr. Pat Gizzi and Mr. Dwight Hodgin formed the positive points on which the team relied. Many a wrestler starved himself to make weight...fearing what would happen if he didn't. The wrestlers loaged many hours in the weight and wrestling rooms and ran an endless number of laps around the track. All of this preparation for their meets, which they dominated, paid off as they made their way to the state finals. Congratulations wrestlers, on a fine and productive year of wrestling and for a nearperfect season!

### Volleyball Bumps Off Opposition

Nobody's better at volleyballing than Northern's girls' team! Long hours of practice perfected their bumping, setting, and spiking skills. Their opposition was smashed right off the court! Coached by Mr. Jack Magelssen, the girls just could not collect enough victories to satisfy themselves! Yes, the Girls' Volleyball team had reason to be proud...because they have proved themselves to be Number One!

### Huskies Melt the Ice

Skating onto the ice, our spirited young men were ready to wipe out all opposition. Under a new coach, Mr. Mel Visser, the hockey team added another successful season to their record.

With early morning and late night sessions our team practiced to near perfection. Whether ahead or behind in the game, the Huskies were never satisfied. They never ceased shooting and scoring. All fans were appreciative of their hard work, and cheered them on

## Cheerleaders - A Creation of SENSATION

With screams and chants, JV and Varsity cheerleaders expressed their spirit and enthusiasm at games and pep assemblies throughout the school year. This past summer, both squads attended cheerleading camp. The Varsity cheerleaders qualified for national competition. The JV squad also did well.

Besides practicing twice a week, the 16 energetic girls also spent numerous hours making signs and posters. They tried their best to be present at all athletic events

The Huskie Highlights again sparked pre-game and half-time shows at football and basketball games

The girls performed in heat, cold, and rain, but their delightful smiles always overflowed and raised fan spirit through two exciting seasons.

Led by Captains Dawn and Darlene Roberts and Mrs. Leslie Hainrihar, the Highlights put in many hours of practice preparing their popular routines.

### Spring Sprouts

While everything was thawing out and warming up, so were the Spring Sports athletes. Golf, tennis, track, baseball, and softball teams didn't stop there. They kept going until they were red hot. Not even the changeable weather kept 1979 Spring Sprouts teams from having a triumphant season.

# Organizations

Be glad of life because it gives you the chance to love and to work and to play and to look up at the stars.

# New Uniforms Add Color, Pride

As summer was drawing to a close, the Marching Band came to life. Hours of practice and renewed pride paid off as the "Kentucky Fried Chicken Band" entertained audiences during half-time with intricate dance steps and routines to songs like "Copacabana" and "Old Black Magic" Lines were straight and the players "blew their guts out". Even Mr. Don Griesbach was proud!

Gone were the forever dirty uniforms with overlays and spats. Thanks to the Band Boosters, the members were able to march in new uniforms. To add to the dramatic facelift of the group, the Flag Corp was abolished, as the flagbearers played their piccolos

When the winter snows flew, the band moved inside auditoriums and gymnasiums. Before hanging up their uniforms, the popular Pops Concert was held

Throughout the year, the group proved that "Huskies got the Greatest Band"

Above Straight lines are a must as Tonya Morrow checks her a gnment. Below Memorized music allows Dave Keyser and Jim Marsden to get into their playing Right: Rehearsals at times gave Carol Smith the "Band Blues

#### "Make Your Own Kind of Music"

"Make Your Own Kind of Music" was the theme of the Portage Northern Songleaders. To provide delightful shows for all ages was the prime concern of these talented young singers and musicians. Shows were performed mostly on the road - at such places as elementary schools, junior high schools, and for organizations like the Kalamazoo Country. Club, Northern High School students were entertained during second hour assemblies as well as at evening concerts.

#### Co-op: Experience, Money

Have you been sitting home all year long after school watching 'Gilligan's Island' re-runs? If so you missed a big chance to earn a paycheck while getting a valuable experience. What was this once-in-a-lifetime opportunity? Co-op of course!

Students of all grades held jobs after school. Many of these jobs were obtained through the helpful coordinators of co-op.

.. Many students found this to be true in Junior Achievement by learning about the world of business. Members formed small companies, raised their own capitol, produced and sold their own products, and tackled the problems of the real business life. Companies were formed with students from all over Kalamazoo and VanBuren counties. By going to Mid-Western and National Conferences, students were given the opportunity to meet high school students from all over the state and country. The foreign exchange students felt right at home with Northern students thanks to the many friendships made with members of the AFS club. The four students were Jari Salmi from Finland, Gemma Gonzalez from Costa Rica, Sabine Riedel from Germany, and Barbara Schierle, also from Germany.

The club enjoyed many activities such as a weekend canoe trip in October, a barn dance, and a trip to Echo Valley. The AFS Olympics were held in the spring and drew many energetic students and faculty together to raise money for future AFS students to be sent abroad for rewarding learning experiences

#### Teams Collect Trophies

Early in the summer, while other teams were still at the beach, the Debate team was busy researching and recording information on Energy Dependence in the U.S. A small team in numbers did not necessarily mean a small amount of talent. That was proven by the team when they placed 3rd in the Expressway League. 3rd in the West Michigan Novice, and 4th in the West Michigan Yearling League. They also placed placed 5th in the Grand Rapids Wooden Shoe Tournament, and throughout the season, they scooped up several outstanding awards.

Competition for Forensics began in March with a whole handful of very experienced veterans returning for another season of rewarding hard work. The Forensics team participated in nine tournaments, four of those at the state level, Northern once again had the leading chapter in the state of Michigan,

Students in both Debate and Forensics spent many long hours writing, researching, and rehearsing their speeches. The high goals they set for themselves were achieved with a mark of excellence.

Accomplishing long term goals was the job of the student senate. Numerous hours of hard work were the name of the game for those who helped to make Northern a better school. To name a few accomplishments, they had a sign erected by the highway that gave recognition to our school, they cut vandalism down, helped with pep assemblies, sponsored Homecoming, put on the Christmas Dance, and built a Student Park.

Under the supervision of Mr. Marshall Rutz, Mr. Jerry Spade, and Mr. John Zull, the senators were taught about democracy and its functions. Taking into account what they had learned, the senators participated in a government assimilation called Campaign '78. Thanks senate, for a great year!

## Sophomore Spirit Super!

The sophomores may have been only the youngsters at high school, but they had the spirit and enthusiasm to create an exciting year. The idea of new experiences was what kept them going strong!

Sophs showed their loyalty by having the courage to bring up new ideas for improvement because after all, this school was theirs, too!

They showed their sportsmanship in athletics and at pep assemblies, in clubs and organizations and other activities

# Northern Reminisces

Moving away from the traditional dress-up days, Football Homecoming '78 took on a more mature theme, yet raised just as much spirit, Reminiscing was the idea of the week, and that's exactly what students did

By displaying all of the yearbooks to come out to PNHS, senate enabled students of today to look back on students of yesteryear, and perhaps even learn while they laughed!

"Huskies Got Class" day was the time for everybody to put on their Thursday best and attend their classes in style, it was a nice switch from the old jeans and sweaters

Ending homecoming week in the usual way was "Traditional Brown, White, and Orange" Day. The halls were decorated with streamers, balloons, and posters (thanks to members of the Spirit Club) showing off Huskie pride

The climax of the special week was Friday night's football game against St. Joe. With spirits raised high after an enthusiasm-filled pep assembly, Huskie fans went wild. Half-time ceremonies included performances by the Highlights and the band, and the crowning of King Eric and Queen Joyce

Under the direction of Mr. Bob Cooper, Neil Simon's hit "The Odd Couple" came to life. Assistant director, stage manager, and set designer was Tim Durham. Both cast and crew worked well together to solve the question; Can two divorced men share an apartment without driving each other crazy?

Miss Jill Halperin patiently choreographed the many feet

### Hobbies Lead to Future Success

After a pressuring day at school, some students found ways to relieve their tensions. Whatever it was, easy or difficult, expensive or simple, or just plain unusual, students needed their hobbies to help cope with their problems.

Spending much time with their hobbies, students learned to create a self-appreciation, aiming their hobbies toward future careers. Other students, rather than shooting for a vocation, kept them as helpful diversions.

Each student needed his own type of hobby, depending on his personality. A pleasant relief to one person could cause gastric acidity to the next

Left By collecting animals, Gordon Stoneburner learns to keep them in good health. Below: After building his own recording studio, Ted Mak enjoys making his own music.

### Paper Sheds a Little

\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*

#### On School Activities

Even though the journalism staff was small in number, their production was just as big as any other year. The **Northern Light**, supervised by Mr. Phil Sheldon, matched its goals by printing ten issues throughout the school year. Five returning veterans helped make an inexperienced staff a professional one.

The newspaper also put out the 2nd edition of "People" magazine; a magazine commemorating the various talents of many students. "Scraps", the literary magazine, was printed again in the spring. It was a collection of exceptional pieces of student writing.

But what united the yearbook staff more than anything else were the fantastic feelings of pride and accomplishment that accompanied the finished product that they had worked so hard on!
